

# Temporary Space for SAB and SAIL

SAB - Students' Academic Board and SAIL - Students' Alumni Interaction Linkage have been working continuously for the betterment of the student community.

As such, it is our responsibility, as student representatives in the student senate to enable and empower them with necessary facilities, so that they can work smoothly and efficiently.

Upon discussion with representatives from SAIL and SAB, the following proposal is being put forward for the deliberation of the senate.

1. An empty room in New Sac Office is to be shared by SAIL and SAB. It can be used as a private space for having meetings, storage of documents etc.
2. The Technical Board Discussion Room is to be shared with SAIL. This room will be used for larger meetings.
3. The Photography Club Room(excluding the dark room) is to be shared with SAB. This room will be used for larger meetings.
4. For meetings in the presence of faculty, the New Sac Conference Room can be booked.
5. This arrangement is only valid for the academic year 2016-2017. The next set of student representatives have to revisit the topic, and come up with a more up to date solution.
